

## Volunteer Weather Observers Needed in Van Buren County!

**Who?** - Committed citizens interested in providing quality weather reports.

**What?** - Daily rainfall and snowfall reports year round. You may be able to participate in the CoCoRaHS program.

**Where?** - Your own backyard or place of business!

**When?** - Daily reports typically around 7am or 8am.

**Why?** - Rainfall and snowfall data are used to enhance weather forecasts, verification efforts, and river flow modeling.

**How?** - Submit reports online. The reports are used each day by meteorologists and hydrologists.
